

Checklist: What to Bring With You for Your Inpatient Hospital Stay

When you come to the hospital, please do not bring any valuables with you, such as large sums of money, jewelry, or mobile phones.

What to Bring

_____ A List of all of your current medications. Instead of making a list, you may bring all of your medications with you. However, after a nurse has reviewed them, please plan on having someone else take them home. Your care team will give you all of the medications you'll need while you're in the hospital

_____ your insurance cards

_____ important phone numbers you may need

_____ pen and paper

_____ something to read, crossword puzzles to do, or games to play

_____ Slippers

_____ toiletries

_____ shorts or sweatpants to wear during your stay

_____ a change of clothing to wear home
