

About Us

Delivering quality healthcare to our community has been our mission since 1926, when the Hospital began as an infirmary in the Evangelical Home in Lewisburg, Pennsylvania. Now a non-profit, non-religious affiliated Hospital, we have expanded with the growing needs of our community to provide a broad range of healthcare services that are consistently high-quality, compassionate, accessible, and cost-effective.

In partnership with a strong and diverse medical staff, the Hospital promotes a healthy lifestyle and provides advanced medical care in an atmosphere that is caring and compassionate.

This is accomplished by maintaining a challenging, energized work environment for our valued employees who exemplify our Core Values.

OUR CORE VALUES: Quality Service, Respect, Compassion, Integrity, Creativity, Professionalism, and Cooperation

Evangelical Community Hospital's continually growing success emerges in part from its network of high-quality primary and specialty care physicians and other providers who reach into our neighboring communities. Established in 1995, the Evangelical Medical Services Organization's (EMSO) goal is to assist the mission of Evangelical Community Hospital by developing and maintaining a network of healthcare providers within Evangelical's service area.

Vision

Evangelical Community Hospital will be our community's healthcare provider of choice by patients, physicians, and employees.

The Vibrant Susquehanna River Valley Region

Located in Lewisburg, Pa., Evangelical shares its picturesque, riverside home with Bucknell University—providing access to the arts, entertainment, and sporting events while maintaining a small-town setting.

The local school district ranks among the best in the state in academics, athletics, and the arts. Despite its tranquil, rural setting, Lewisburg is just three hours from New

York City and Philadelphia and four hours from Pittsburgh.

The region is home to the majestic Susquehanna River. We are also surrounded by state parks, scenic country roads, abundant fishing streams, and year-round recreational opportunities. The region also offers a number of land and water trails.
